## NOTICE OF PUBLICATION OF APPLICATION

The above-identified application will be electronically published as a patent application publication pursuant to 37 CFR 1.211, et seq. The patent application publication number and publication date are set forth above.

The publication may be accessed through the USPTO's publicly available Searchable Databases via the Internet at [www.uspto.gov](http://www.uspto.gov). The direct link to access the publication is currently <http://www.uspto.gov/patft>.

The publication process established by the Office does not provide for mailing a copy of the publication to applicant. A copy of the publication may be obtained from the Office upon payment of the appropriate fee set forth in 37 CFR 1.19(a)(1). Orders for copies of patent application publications are handled by the USPTO's Office of Public Records. The Office of Public Records can be reached by telephone at (703) 308-9726 or (800) 972-6382, by facsimile at (703) 305-8759, by mail addressed to the United States Patent and Trademark Office, Office of Public Records, Alexandria, VA 22313-1450 or via the Internet.

In addition, information on the status of the application, including the mailing date of Office actions and the dates of receipt of correspondence filed in the Office, may also be accessed via the Internet through the Patent Electronic Business Center at [www.uspto.gov](http://www.uspto.gov) using the public side of the Patent Application Information and Retrieval (PAIR) system. The direct link to access this status information is currently <http://pair.uspto.gov/>. Prior to publication, such status information is confidential and may only be obtained by applicant using the private side of PAIR.

Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at 703-305-3028.

Sir:

Re. Notice of Publication of Application  
Publication No. US 2005-0216707-A1  
Serial No. 10/519,037  
Inventor: Richard Michael Taylor  
Attorney Docket: 5035-201US//P29,652

Enclosed is the Notice of Publication of Application which has been mailed to me.

On a previous occasion I informed you that the above-identified application is NOT  
MINE. Repeat, I am NOT the patent attorney who is responsible for this application.

Obviously, the Office has not yet made the necessary correction.

Please do so, and inform me that you have.

Yours very truly,

  
Alfred D. Lobo

LETTER

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA. 22313-1450

Sir:

Further to my conversation earlier this morning with a person in the Office of Patent Publication, I reiterate that the enclosed Notice of New or Revised Projected Publication Date for the above-identified patent application has been erroneously sent to me. \*

Though the customer number "26423" is mine, I have no previous knowledge of this application, as I told Ms. Williams of ST-4C10 on 20<sup>th</sup> June 2005, and confirmed that in a letter returning a Filing Receipt in this case, which filing receipt had earlier been erroneously sent to me.

I again suggest that the file of this application be checked to determine who the attorney of record is because he is responsible for this application.

Dear Sir:

Re. Notice of Publication of Application  
Publication No. US 2005-0216707-A1  
Serial No. 10/519,037  
Inventor: Richard Michael Taylor  
Attorney Docket: 5035-201US//P29,652

Enclosed is a copy of a letter I mailed to the USPTO earlier today.

Knowing how difficult it is to have a mistake by the USPTO straightened out, my suggestion is that you get in touch with your U.S. patent counsel (whose name I do not have) and have him contact the Application Branch (where the error probably arose) and/or the Pre-Grant Publication Division, and make sure they correct the problem.

Obviously, if the error is not corrected, the first office action will be sent to me, and I shall have to forward it to you.

Yours very truly  
  
Alfred D. Lobo
